ST

Being currently part of the university of Liège, this management school can host 1 200 students.

Settled in the city centre, the complex contains a restored building from the xviii century, a chapel from the xxe century transformed into a media-library and a set of new buildings. Those ones house about thirty schooling rooms including laboratories and auditoria (one of 500 seats, one of 228 seats and a computer auditoria of 218 seats). To which are added : a cafeteria, a foyer, a multi-purpose room of 150 seats, office rooms and technical rooms.
