Lanotte, P. Lamby

Cost of the works  
€ 6,49 M excl. vat, exclusive the  
arrangement of the scene

Execution  
1995 - 1998

ST

## Renovation of a theatre of Italian style :

- restauration of the main floor, the foyer and the dome,
- erection of a new scene,
- creation of a repetition room and a polyvalent room under the main floor.

An important rempissement under water was needed to create the two new volumes under the existing building.

The dome is hanged up to the new roof by mean of a anti-vibration suspension to improve the acoustic behaviour.
