Owner
City of Durbuy

Cost of the works
€ 0,5 M excl. vat

Execution
2003 - 2004

OA

Clothoid 80-meter-long footbridge for pedestrians and cyclists, with a 46-meter-long main span.

The frame is entirely metallic, composed of steel sheets put together by welding in order to be shaped as a rectangular box girder (80 cm high, 60 cm wide) and surmounted by a 3-meter-large crossing.

Total weight : 67 tons.
